

[PRESS RELEASE] - InvestHorizon welcomes 93 deep tech start-ups on board.

Emerging deep technologies are evolving at a rapid pace and despite the disruptive impact their services and products have, to achieve real market adoption could take longer. InvestHorizon main purposes are to support deep tech SMEs, invite financial support, open access to global networks, and foster sustainable scalability.

In November, 93 startups from 18 countries were accepted in the sixth cohort of the program. Find their names here:
